Highlights

Advanced 4K Chip
Powered by an advanced 4K chip, VW25E series are capable of decoding 4K 60hz video. The realism and visibility of the image is greatly improved and the visual effects are more subtle and vivid.

Android 11
Smart OS allows you to install third party apps as per your needs, and update your video walls through OTA, which make your video walls smart, effective and user friendly.

Ultra-Narrow Bezel Design
An ultra-narrow 2.9mm bezel-to-bezel width (1.8mm(T/L, 1.1mm (B/R)) offers a seamless picture to provide an eye-catching visual experience, which allows the display to fit into any business environment.

Landscape and Portrait Display
VW25E offers great convenience by providing consistent visual quality both in landscape and portrait modes, which help to elevate your business.
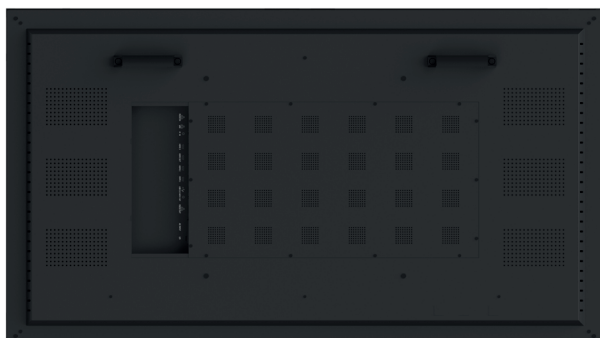

Anti-Glare 25% Haze
25% haze panels help reducing reflections without adversely affecting the image quality, making sure the critical information are always visible and it can also improve the perceived contrast ratio of the display.

Unlimited Daisy Chain
Hisense LCD video walls support daisy chain without quantity limit. No need for video splitters, you can use common HDMI cables to connect the video walls together effortlessly.
