

Features

The remote support 4 zone individual control, one remote can work with unlimited receivers in 30m, it can dim brightness, color temperature and compatible with MiBoxer/Mi-Light 2.4G series like controllers and lights. Creating portable and comfortable lighting scene easily.

Color temperature adjustable

2.4GHz RF wireless transmission technology

Dim brightness

Strong magnetic base

Parameters

Product Name: C1 Color Temperature Remote

Model No.: C1

Working Voltage: 3V (AAA*2PCS)

Standby Power Consumption: 5 μ A

Transmitting Power: 6dBm

RF: 2.4GHz

Modulation Method: GFSK

Control Distance: 30m

Working Temperature: -10~40 $^{\circ}$ C
