

Synergy 21 LED remote RGB-WW (RGB-CCT) 4 zones *Milight/Miboxer*

Discover the versatile **4 zone RGB+CCT remote control** that gives you full control over your RGB+CCT LED lighting. This innovative **touch remote control** has been designed to optimise your lighting experience and offer you a variety of customisation options. With the intuitive **RGB colour wheel** you can easily select your preferred colour and precisely adjust the brightness and colour mixes using the **dimmer slide** and the **colour mix slide**

The remote control has special buttons for **on/off**, **programme change** and **speed setting**, so you can control the lighting to suit your needs. With the **4 zone buttons** you have the option of controlling and customising up to four different lighting zones separately.

Technically, the remote control impresses with a voltage of **3V**, whereby two AAA batteries are required (not included). With a **transmission frequency of 2.4GHz** and a **modulation method using GFSK** it ensures reliable signal transmission. The **transmission power is 6dBm**, and the low **standby power consumption of just 20uA** ensures a long battery life.

With a **control range of up to 30 metres** the remote control offers a high degree of flexibility and allows you to conveniently control your lighting from a distance. The **compact size of 138*56*38mm** makes it handy and easy to use.

Experience a new dimension of lighting control with our **4-zone RGB+CCT remote control**. Customise your home with individual lighting accents and enjoy the ease of use and versatility of this high-quality remote control.
