RWCCARD100

CONVENIENT REMOTE POWER MANAGEMENT FOR UPS

## The Remote Cloud Card allowing users to perform remote power monitoring and management

Ideal for UPS systems, the Remote Cloud Card Series provides convenient remote power management solution. It is an add-on component which can be inserted into a UPS expansion slot, allowing users to easily monitor and control UPS status. The cards are plug-and-play design, simple to install into a compatible UPS. Working with PowerPanel® Cloud and PowerPanel® App, the Remote Cloud Card enables users to monitor and manage a UPS system anytime and anywhere, through a web browser or the mobile app.

SERIES FEATURES
• UPS Management through Cloud
• Wireless Connection
• Plug-and-play Installation
• User-upgradeable Firmware
• RoHS Compliant

PRODUCT CALLOUTS
1. Reset Button
2. Network Status Indicator

TECHNICAL SPECIFICATIONS

Model Name	RWCCARD100
Management & Communications	
LED Indicators	Network Status
Connectivity Port	External Antenna
Data Link Protocol	IEEE 802.11b/g/n
Wireless Type	2.4Ghz
Support Plug-and-Play Installation	Yes
User-upgradeable Firmware	Yes
Remote Management	PowerPanel® App (Free 5-year license), PowerPanel® Cloud (Free 5-year license)
Physical	
Dimensions (WxHxD) (mm.)	54 x 36.1 x 76.5
Antenna Dimensions (WxHxD) (mm.)	9.7 x 88.8 x 16.5
Weight (g.)	34
Certifications	
Certifications*	CE, FCC Class B, IC Class B
RoHS	Yes
